

LOLLAPALOOZA – COVID-19 Safety Guidance from the Chicago Department of Public Health

In accordance with City of Chicago requirements, full COVID-19 vaccination or negative COVID-19 test results will be required to attend Lollapalooza 2021. For patrons who are not fully vaccinated, a negative COVID-19 test result must be obtained within 72 hours of attending Lollapalooza.

Testing:

For patrons who are not fully vaccinated, you must get tested and have a negative result no more than 3 days prior to each day of attendance. For additional information about COVID-19 testing, visit [Chicago.gov/COVIDTest](https://chicago.gov/COVIDTest).

At the event:

- Wear a mask if you are unvaccinated
- If you are unvaccinated or at high risk for severe COVID-19, avoid crowded areas of the festival and stay at least 6 feet away from other groups
- Activate your wristband and register for Cashless so that you can make purchases at the festival with your wristband
- Avoid physical contact with people outside of your party
- Wash your hands frequently with soap and water, or with hand sanitizer containing at least 60% alcohol
- Limit consumption of substances. Consuming alcohol or substances may make you less likely to follow COVID-19 safety measures
- Do not attend Lollapalooza if you have symptoms of COVID-19 (fever, chills, cough, shortness of breath, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea or vomiting, diarrhea), even if you have been vaccinated
- Do not attend Lollapalooza if you have tested positive for COVID-19 in the last 14 days. People who have tested positive for COVID-19 and cannot attend the festival can receive a refund

After the event:

- Remember that shows outside of the festival may have different COVID-19 protocols
- Outdoor music events are safer than indoor events
- Outdoor dining options are safer than indoor dining options
- If you are attending an indoor event and are unvaccinated, wear a mask and maintain 6-foot distance from other parties

Stay home and get tested if you develop any symptoms of COVID-19, even if you are fully vaccinated.
